

Where life moves at your pace.

This is what you had in mind when you came down here.

A villa on a golf course with views of the mountains worthy of the term picture window.

And a patio where you could spend a moment to take it all in and decide what you want to do today. Perhaps a round of golf. Some laps in the pool.

Or just nothing at all. Because if ever a place was built for kicking back and relaxing, it's here.

But don't relax quite yet. Because the opportunity to own here won't last forever.

So just this once, you'll have to move rather quickly.
